

Oct 2022 SALE DAY SUPPLEMENT for R.A. Brown Ranch

Thanks for being our guests at the 48th Annual October Bull and Female Sale. We are humbled to have you join us. Please know that we want to answer any questions that you might have and feel comfortable with your decisions. This supplement contains the most up to date information including more current fetal sexing on the Registered Females and also the animals scratched from the sale.

SALE DAY MAP

The map on the back is relevant to find the animals you may want to view. One side is by Lot # and the other side shows the cattle in that pen.

SALE

Please take the time to thank our friends from Spitzer Animal Health, Livestock Nutrition Center, ADM Animal Nutrition, Nutrien Ag Solutions & Moeller Trucking and Seed Cleaning. They have provided some great food for everyone to enjoy while you are here. Central Life Sciences made sure we could enjoy the environment without those pesky flies and Ag-Gear came on board and brought golf carts to transport folks around the place.

INSURANCE

Shari Holloway with AG DEFENSE is attending the sale today and can take care of any animals that you'd like insurance written on.

ARRANGED DELIVERY

We will be glad to help arrange delivery for you on your purchases today. Please refer to page 12 & 13 in the catalog to select a central point nearest to you. Then, fill out the Delivery Information sheet attached to this supplement before you check out. This will help speed through the check out process and help our crew get you taken care of.

Book Your AI Project Bulls Today

Semen is available today near the merchantile at a discount if you want to make arrangements for heifer projects.

R.A. Brown Ranch Commercial Heifer Sale - Supplement Sheet

Commercial Heifers will sell on Wednesday, October 12th – approximately 1:00 pm

- The commercial heifers will sell following the Registered Angus and Black/Red Bulls, and just before the Red Angus Bulls. Video of each consignment will be available at RABrownRanch.com/Upcoming Sale and at the sale site on sale day.
- Larger lots will be sold in “gate-cut” sorts of approximately 10 head. The winning bidder will have the option of taking subsequent and consecutive 10 head sorts from the same lot, and at the same bid price.
- Unless specified below, the information presented on each lot in the catalog is correct and complete. Any information or announcements from the auction block take precedence over this and information printed in the sale catalog.
- The Commercial heifer lots represented in this catalog will be sold FOB their respective consignor’s ranch.
- Payment must be made prior to buyers taking delivery of the heifers. Successful bidders will be provided bank wire instructions following the sale.

Breeding Guarantee: Breeding Guarantee: All commercial Females identified as “Bred Heifers” sell safe in calf. They have been determined pregnant by a competent ultrasound or palpation technician. As it is common for a small percentage of females to lose a pregnancy between palpation and calving, if prior to December 1, 2022 it is determined (by competent palpation/ultrasound technician) that one of the commercial females you purchased in this sale is not pregnant, then please call us and you will be reimbursed by the seller of the heifer(s) the difference between her purchase price and her salvage value.

Commercial Heifers will sell in catalog order
